

## Technology Contract

I understand that the use of school technology is a privilege, not a right. If I fail to respect the following rules, I will be subject to the consequences, which may include losing access to technology. With this understanding in place, I agree that:

- I will take care of the device I'm using. This includes but is not limited to using clean hands, keeping stickers in place, not walking around with laptops, being gentle with keys and other equipment.
- I will not reveal any personal information such as my full name, date of birth, address, phone number, or photos of myself.
- I will promptly disclose to a teacher or other school employee any message or other activity I receive that is inappropriate or makes me feel uncomfortable.
- I will not save my password on school computers.
- I will not download any software or apps.
- I will not meet anyone in person that I have met only on the Internet.
- I will not bully, humiliate, or upset anyone online — whether through sharing photos, videos, or screenshots, spreading rumors or gossip, or setting up fake profiles — and I will stand up to those who do.
- I know that whatever I share online can spread fast and far. I will not post anything online that could harm my reputation.
- Whenever I use, reference, or share someone else's creative work online, I will give proper credit to the author or artist.
- I know that not everything I read, hear, or see online is true. I will consider whether a source or author is credible.
- I will not access inappropriate or blocked resources.

This agreement is in place for my own well-being and safety and I agree with the terms above.
